Directions Read the following passage.

Dirty beaches are disgusting. I hate to see the shore of a lake, or ocean dotted with candy wrappers or soda bottles or other bits of garbage. Garbage on beaches is more than an eyesore, though. It also kills wildlife. Animals such as fish and turtles may try to eat drifting garbage they find in the water. If they do, they may

choke. The plastic six-pack yokes from soda cans are dangerous to birds. Birds often become tangled in the plastic and die. To help keep beaches clean, volunteer on clean-up days. People who clean beaches help protect the environment and deserve the best places to sit when they visit the shore.
